INTRODUCTION

The Maximo Utility Working Group (MUWG) is a not-for-profit corporation that was formed to provide industry education through information sharing. Currently, there are over one hundred and sixty utility companies that participate. We conduct two educational conferences a year. One conference is typically in the spring and one in the fall that are hosted by a member company.

VENDOR RELATIONSHIPS

MUWG leadership and its participating members recognize the value that vendors provide to the successful use of Maximo. We believe our organization maintains an excellent reputation with vendors that have been involved with our conferences. As we move to enhance our relationships, MUWG is looking for eligible companies that can benefit by sponsoring the MUWG organization. The MUWG Vendor Sponsorship Program provides greater opportunities for both the vendors and the participating members.

NON-CONFERENCE VENDOR ACTIVITIES

MUWG prohibits any off-site or on-site event, dinner, reception that conflicts or competes with the official published MUWG Agenda. These types of events **are allowed** on Monday, beginning at 8:00 pm or after, on Tuesday, beginning at 8:30 pm or after, or on Wednesday, after the Conference closing program.

These non-conference events conflict or compete with vendor sponsorships of our business partners who fund the MUWG activities on Monday's Hospitality Night and Tuesday's Vendor Night.

VENDOR SPONSORSHIP

The MUWG Vendor Sponsorship program has **four levels of Sponsorship**, as outlined, to provide vendors with opportunities that MUWG leadership believes will benefit both organizations.

- Vendor exhibit booths during Hospitality Night and Vendor Night **must be** staffed until the set time of the event ending. Note: Bronze level does not include exhibiting space.
- Booth set up and dismantling can only begin at the designated time set by MUWG.
- All vendors must commit to one of the four sponsorship levels prior to registering for the conference.
